

## THE DITCH MAT

The dimensions of the ditch mat is 2000mm long and 1400mm wide divided into 3 sections as illustrated with points allocated for scoring.

The distance between each section is 600mm totaling 1200mm ( two mat lengths )and the remainder 800mm to the T-Bar. A attachable half jack is optional which is attached to the ditch end of the mat by Velcro.

Drawing to the ditch is the objective in which the bowl must come to rest on the mat for scoring points also the mat does not necessary to be laid on the centre line. Creases appearing after storage will disappear once laid out
